### **NSS unit organized by free medical camp treatment in association with SSSAK**

The NSS unit of Sindhi college organized by SSSAK on a one-day special camp to Jarabandahalli, chikkabalapura on 14<sup>th</sup> September 2025. The main objective of the camp was to give free medical treatment to the villagers of Jarabandahalli and increase social responsibility among the students.

The doctors at Ramiah College did a great job by giving treatment to the people in the village without hesitating and teaching basic knowledge about medicine to the volunteers. Around 17 students at Sindhi college actively participated in the camp.

The villagers extended their support and appreciated the initiative taken by the NSS volunteers and the SSSAK trust.

The camp concluded with a valedictory session, where the trust officers appreciated and congratulated the volunteers for their efforts and encouraged them to continue serving society.

#### **Conclusion**

The NSS camp at Jarabandahalli, chikkabalapura was a grand success. It not only benefitted the community but also helped the students develop values of empathy, leadership and social commitment. Such initiatives strengthen the bond between students and society.
