

SINDHI COLLEGE

#33/2B, Kempapura, Bengaluru - 560024

Permanently Affiliated to Bengaluru City University

Approved by AICTE, NAAC Re-accredited

Ph.no: 080-23637544 E-mail: mail@sindhicollege.com

Sindhi College apart from successfully delivering the curriculum prescribed by the affiliating university (BCU) also provides various skill development courses as a value added program to the students to sharpen their skills and prepare them for the industry.

The following were the various courses offered by the institution for the academic year 2024-25.

BCA

Sl No.	Course	Class	Date	Page No.
1	Cyber Security	I Year BCA	12/05/2025 - 23/05/2025	2, 3
2	Data Science	I Year BCA	12/05/2025 - 23/05/2025	4, 5
3	Block chain Technology	II Year BCA	28/04/2025 - 7/05/2025	6, 7
4	Digital Forensics	II Year BCA	28/04/2025 - 7/05/2025	8, 9
5	Campus Recruitment Training	III Year BCA	3/04/2025 - 9/04/2025	10,11

BBA and BBA Aviation

Sl No.	Course	Class	Date	Page No.
1	IATA Training	I ,II Year BBA Aviation	1/07/2024 - 22/09/2024	12,13
2	SAP FICO	I Year BBA	24/04/2025 - 13/05/2025	14, 15
3	Campus Recruitment Training	III Year BBA & BBA Aviation	3/04/2025 - 9/04/2025	16, 17

For the academic year 2025-26 Skill development courses will commence from Jan 2026.

Skill Development Course on Cyber Security

Sindhi College conducted a Certificate Course on Cyber Security from 12 May 2025 to 23 May 2025 for duration of 40 hours, in collaboration with KnowledgeSmith Academy. The programme was led by Mr. Hashir Akram, Technical Trainer, and coordinated by Ms. Radhika E K, Programme In-charge and Head of the Computer Science Department.

The programme was organized for I Year BCA (2024–2027 batch), with a total participation of 47 students. The primary objective was to assess and improve the security of organizational information systems and to create awareness and interest in ethical hacking as a means to counter modern cyber threats.

Key topics covered included Introduction to Cyber Security, Penetration Testing, Network Scanning and Enumeration, Sniffing and Spoofing, and Password Cracking Techniques.

As an outcome, students gained practical knowledge and skills to plan and execute vulnerability assessments and penetration tests using standard ethical hacking tools, thereby enhancing their understanding of real-world cyber security practices.

Skill Development Course on Data Science

A Skill Development programme on Data Science was conducted by Sindhi College from 12 May 2025 to 23 May 2025 for a total duration of 40 hours, in collaboration with KnowledgeSmith Academy. The programme was handled by Mr. Ameen Manna, Technical Trainer, and coordinated by Ms. Radhika E K, Programme In-charge and Head of the Computer Science Department.

The programme was organized for I Year BCA students (2024–2027 batch), with 40 students actively participating. The main objective was to provide students with comprehensive theoretical knowledge and hands-on experience in data science, enabling them to analyze data, apply machine learning concepts, visualize insights, and support data-driven decision-making in real-world scenarios.

Key topics covered included Fundamentals of Python, data science libraries such as NumPy, Pandas, Matplotlib, and Fundamentals of Power BI.

As an outcome, students developed a strong foundation in Python and its data analytics libraries, gained skills in data plotting, analysis, and transformation, and learned to extract meaningful insights from data. The programme enhanced students' analytical abilities and prepared them for practical applications in the field of data science.

Skill Development Course on Blockchain Technology

A Skill Development programme on Blockchain Technology was conducted from 28 April 2025 to 07 May 2025 for duration of 40 hours, in collaboration with Kaushalya Technical Training and Consultancy Services. The programme was facilitated by Mr. Raghu Prasad, Technical Trainer, and coordinated by Ms. Radhika E K, Programme In-charge and Head of the Computer Science Department.

The programme was organized for II Year BCA students (2023–2026 batch), with 81 students participating. The primary objective was to introduce students to blockchain concepts and enable them to design, develop, and deploy blockchain-based applications.

The key areas covered included Introduction to Blockchain, Solidity programming, setting up local and cloud-based blockchain networks, development of decentralized applications (DApps), and deployment of blockchain applications.

Upon successful completion of the programme, students gained the ability to apply fundamental blockchain concepts to develop decentralized applications and to conceptualize and implement blockchain solutions for relevant industry use cases, thereby enhancing their technical competence and industry readiness.

Skill Development Course on Digital Forensics

A Skill Development programme on Digital Forensics was conducted from 28 April 2025 to 07 May 2025 for a total duration of 40 hours, in collaboration with SV Systems. The programme was led by Mr. Suresh Kumar K, Corporate Trainer specialized in securities, and coordinated by Ms. Radhika E K, Programme In-charge and Head of the Computer Science Department.

The programme was organized for II Year BCA students (2023–2026 batch), with 80 students participating. The objective of the programme was to enhance students' digital security skills, promote ethical awareness, encourage practical learning, and improve employability in the field of digital forensics and cyber security.

The training provided foundational and practical knowledge of Windows and Linux operating systems from a forensic perspective, along with hands-on experience in identifying, collecting, preserving, and analyzing digital evidence. Students were exposed to real-world incident investigation using industry-standard forensic tools and methodologies, with emphasis on critical thinking, evidence interpretation, and forensic report writing for legal and corporate contexts.

As an outcome, students gained the ability to extract and analyze forensic artifacts, perform disk and memory acquisition in a forensically sound manner, detect malicious and unauthorized activities, and reconstruct cyber incidents using timelines and attacker techniques, thereby strengthening their readiness for professional roles in digital forensics.

The Campus Recruitment Training (CRT) program was organized by the Placement Department of Sindhi College and conducted by Siva Academy from 3 April 2025 to 9 April 2025. The training was held in designated classrooms, with sessions conducted for 6 hours daily (8:30 AM to 3:00 PM). The primary objective of the program was to equip final-year BCA students with essential employability skills, enhance industry readiness, and build confidence to successfully face campus recruitment processes such as aptitude tests, group discussions, and personal interviews.

The program featured comprehensive training modules covering aptitude and logical reasoning, verbal ability and communication skills, resume preparation, personal interview techniques, group discussions, public speaking, corporate etiquette, and behavioural readiness. The training emphasized hands-on learning through mock interviews, real-time test simulations, and interactive sessions led by professional trainers and industry mentors. Special focus was given to aligning student skills with current industry expectations and improving soft skills. The program witnessed active participation from over 103 BCA students. As a result, students demonstrated improved confidence, enhanced communication and problem-solving abilities, and greater preparedness to meet recruitment challenges, thereby significantly strengthening their placement readiness.
