SINDHI COLLEGE OF COMMERCE

No.33/2B, Hebbal, Kempapura, Bengaluru-560024

www.sindhicollege.com

ANNUAL REPORT

2015-16

Sindhi College of Commerce has completed fourteen years of fruitful existence in the field of higher education serving the educational needs of students belonging to all the sections of the society at an affordable cost. As the 11th batch of students leave the institution after pursuing their education successfully in the institution to face the challenges of the competitive world, we record with sense of gratitude support and encouragement of Sindhi Seva Samiti, the sponsor of the institution. Sindhi Seva Samiti is a philanthropic organization established in 1956 with the sole objective of serving the needy in the society, particularly in the field of education and health. We can very safely lean back on the shoulders of the management which is like leaning on the rock of Gibraltar. We are leaving no stone unturned to fulfill the vision of the management and aspirations of our students who are the prime stakeholders.

We take this opportunity to thank the management for their encouragement and unlimited support.

In the year 2015 – 16, new principal Dr.B.S.Srikanta, well known academician and an able educational administrator with more than 40 years of rich experience was appointed as the principal of the college. We hope that the college would witness tremendous development in the years to come under his guidance.

We are indeed extremely fortunate to have qualified, dedicated and enthusiastic Vice – Principal, faculty and non – teaching staff who are ever willing to serve the academic needs of students and the institution. We are proud to say that our teachers are really functioning like friends, guides and philosophers in consonance with the dictum that a teacher is a friend, philosopher and guide. Teachers very meticulously plan their teaching – learning process and document the same methodically. Students are highly satisfied with the infrastructure of the college, teaching – learning, student support services and other activities of the college as reflected in the feedback by students and parents. We are indeed grateful to our staff, students, parents and alumni for their words of appreciation about the college. The institution has earned reputation as one of the premier institutions in the city of Bangalore, particularly in the northern part of the city.

We are also very proud of the alumni who have brought laurels to the institution by their high level of performance, good conduct and leadership qualities which essentially reflect the culture of the institution.

Our alumni are spread across the globe working in various fields like IT, academics, HR, manager etc
 This college has succeeded in providing highly secured and safe place with right kind of ambience conducive to achieve academic excellence and holistic development of its students.

Looking back, though we feel satisfied with the progress made in the past fourteen years we are aware that we have many miles to go, Progression and development are continuous process without an end.

In conclusion, we quote a successful person never stops after achieving a goal, he/she sets up a new goal and treads on
