ANNUAL REPORT

2019-20

The Academic year 2019-20 began on a stimulating note with the Orientation Programme held on 7th August 2019, Principal Dr.B.S Srikanta briefed at length both newly admitted students and parents on the policies, rules and regulations of the college. He also dealt with the career opportunities available in various disciplines. He advised the students to have a well-defined goals in their lives and make sincere attempts to realize their goals. Though the Academic year began on a stirring note , COVID -19 cut short the activities , disrupted the academic schedule and of course taught us how to use the technology in our Teaching- Learning process.

After the closure of college, due to lock down in the country , we resorted to the conduct of online classes, which was received well by our students. It was indeed a very successful one. Even the internal evaluation was done online .We are happy that the technology came to the rescue of students and teachers and students did not lose an academic year though it was extended by few months.

Even during the year 2019-20 , we have seen several developments happening in the college. BBA(Aviation Management) Course started, intake for BCA course enhanced from 80-120 seats, construction of multi-purpose hall at Govt.Primary School, Dasegowdana Doddi was completed with the support from the Management , staff and students.

Detailed report on all the activities of the college including Webinars conducted in the college and participated by the faculty during the lock down period are presented in the ensuing paragraphs.
