Esteemed Speaker was Dr.U.T.Vijay, Chief Scientific Officer & Principal Investigator-RWH, TWHS & KDH, Karnataka State Council for Science & Technology (KSCST), Indian Institute of Science, Bengaluru. The program was well attended with 400 participants across the nation including faculty members of other institutions, students and other guests from KSCST and BWSSB.

Water conservation has a clear impact on a sustainable environment, especially as the globe faces an increasingly pressing need to address climate change. Groundwater is the principal source of freshwater to address the water needs of the country's ever increasing household, agricultural, and industrial sectors. Over time, it has been recognized that groundwater exploitation and wastage of water have increased tremendously. Every year, our water resources are depleting. We cannot generate artificial water and must rely on water sources available on our planet earth. Water scarcity is felt all over the world as a result of population growth and an ever-increasing demand for water to support our ever-expanding contemporary lifestyle. This has sparked serious conservation concerns. In this context, the webinar was organised to understand the application of various sustainable systems including rainwater harvesting and recharging groundwater. It threw light and created awareness on measures in conserving water globally.

Honourable Principal Dr.B.S Srikanta welcomed the guest with a congenial and warm note. Master of the Ceremony was Prof.Shashikala.U, Convenor,Eco club. Welcome address was delivered by Prof.Jayashree Tambad, Member, Eco club and HOD, Dept of Commerce .The speaker was introduced to the audience by Prof. Hemalatha.N, Asst HOD, Dept of Computer Science, Vote of thanks was proposed by Dr.Ranjana Pillai, HOD Dept of Hindi. Honourable Principal

Dr.B.S Srikanta gave the presidential remarks and his insights and observations on the topic.

The webinar was organised to address various issues in water conservation and traditional rainwater harvesting systems. The speaker with his vast knowledge, experience and expertise in the concerned field gave an interesting presentation on water conservation. He dealt with various topics like the water woes of the dry and arid regions of India. He also spoke about the traditional rainwater harvesting systems followed in the ancient temple tanks of Karnataka and India and how badly they were maintained.

He also focussed on various measures implemented by KSCST in rainwater harvesting and rejuvenating the lakes, temple tanks and other water bodies. He suggested various measures and action plans for water conservation and water harvesting systems.

The speaker insisted that every participant of the webinar should install rainwater harvesting systems at their homes to prevent water scarcity in the future generations. The presentation was very interesting and insightful in driving home the fact that water conservation is very important to protect the future generations. The webinar was fruitful in in creating large-scale awareness about water conservation and rainwater harvesting systems.

Report of National Level Samskrita Webinar

Dr. V.B. Arathi, Director, Vibhu Academy was the Chief guest of the National Webinar organised by Department of Samskrita, Sindhi College on 29-06-21 at 11.00 a.m.

The programme was started by an invocation song by Sneha K.C of 4th Sem. B.Com followed by e-lighting of the lamp and welcome address. Welcome address was delivered by Vidwan Prof. Subrahmanya N.R. Prof. Veena Rao faculty Department of Samskrita introduced the Chief guest to the audience. Followed by Chief guest speech, Dr. V.B. Arathi started her speech, thanking the college management and principal for inviting her. From thereon it was a magical spell for 90 minutes. Each participant immersed in the intellectual and patriotic speech presented by the Chief guest. Several topics and issues were addressed during her speech.

Guest speaker pointed out that how British Rule in India dominated the will of colonised country people and methodically eliminated Samskrita and imposed English language, on the recommendations of Mac Cauley. Samskrita for ages acted as root of all languages and also as a bridge language in atleast Indian sub-continent. It served as the language to understand our culture and tradition, that was replaced by English. It is unfortunate that on alien language has become the bridge language rendering Samskrita to a 'dominate state' !

Later the speaker referred to various Saints, Rishis and Poets who have contributed towards Samskrit language enormously. During the discourse emphasis was laid on 'Prabhu Samhitha', 'Mitra Samhitha' and 'Kantha Samhitha' as three tenets of Samskrita literature. The speaker related that the works of Samskrita literature is like a Beckon to a wondering traveller in the journey of life. It shows the direction and throw light for our lives referring the "Sukha Dukhe....."

Speaker also said that Indian culture is often misunderstood by foreigners as idol worshipers. We are not just idol worshipers, we are

worshippers of ideals. Worshipping Rama people of this land are actually worshipping the virtues and ideals of Sri Rama and take inspiration to stay focused and not getting affected by worldly miseries.

Speaker also mentioned poets like Kalidasa, Bhasa, Baana, Bharavi, Magha, Vararuchi, Mayura, SriHarsha and other and their contribution to the literary world. The literary qualities found in the works of Kalidasa in Kumarasambhava would display his excellence which is evident the way he portrays the matured character of Parvathi who win the heart of lord Shiva after performing severe austerity and penance. Stotras, subhashitas, were also discussed.

It was concluded thus, apart from political interest, genuine interest from the people of the land is what is required to make Samskrit as the 'National language'. It was also opined that Samskrita like other Indian languages is not confined to regional identity. More than 50% of Dravidian languages have borrowed words from Samskrita lexicon. Finally it was agreed that, it would be apt and appropriate to present Samskrita as National language in front of the world communities.

Principal during his presidential address appreciated the scholarship of speaker and also thanked for accepting invitation and gracing the occasion. Principal reiterated the importance of safe guarding the treasure trove of knowledge hidden in palm scripts written in Samskruta language. He regretted for not getting an opportunity to study Samskrita and also wished to study at this age. His words had enough to inspire young students to respect and learn 'Samskritha' to save our 'Samskriti'.

435 participants were present in this Webinar. Prof. Subrahmanya Bhat thanked all the dignitaries & participants. At the end of the programme Shanthi Mantra was recited.

Report on Webinar

Discrete mathematics is the branch of mathematics dealing with objects that can assume only distinct, separated values. The term "Discrete Mathematics" is therefore used in contrast with "Continuous Mathematics," which is the branch of mathematics dealing with objects that can vary smoothly and which includes, for example, calculus. Whereas discrete objects can often be characterized by integers, continuous objects require real numbers. The study of how discrete objects combine with one another and the probabilities of various outcomes is known as combinatorics. Other fields of mathematics that are considered to be part of discrete mathematics include graph theory and the theory of computation. Topics in number theory such as congruence's and recurrence relations are also considered part of discrete mathematics. The study of topics in discrete mathematics usually includes the study of algorithms, their implementations, and efficiencies. Discrete mathematics is the mathematical language of computer science, and as such, its importance has increased dramatically in recent decades. The set of objects studied in discrete mathematics can be finite or infinite. The term finite mathematics is sometimes applied to parts of the field of discrete mathematics that deals with finite sets, particularly those areas relevant to business.

Department of Mathematics organized One Day International Webinar on "Application of Discrete Mathematics" on 25th June 2021. Webinar was organized to enhance the knowledge of students and faculty to inculcate the recent development and its application.

This webinar was conducted by an eminent speaker Dr. Shivasharanappa Sigarkanti, Professor, Dept. of Mathematics, GFGC, K. R. Puram, Bengaluru

Objectives

- To learn about recursive definitions recurrence relations, analysing recursive algorithms and writing recursive algorithms.
- To develop logical thinking and its application to Mathematics
- To help them understand, appreciate and enjoy applications of mathematics as a fascinating field of study.
- The subject enhances one's ability to reason and ability to present a coherent and mathematically accurate argument.
- To understand about permutations and combinations, relations, graphs, and trees at the same time that their applications.

The Webinar was inaugurated by Principal Dr. B.S. Srikanta, Vice-Principal Prof. Asha N, HOD of Mathematics Dr. Roopa R Anagod, Resource person was Dr. Shivasharanappa Sigarkanti Professor, Dept. of Mathematics, GFGC, K. R. Puram, Bengaluru

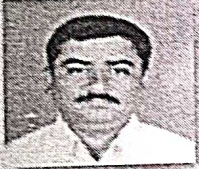

The session was very interesting and the participants derived a good knowledge about Discrete Mathematics and the application. Participants developed good understanding of the concepts and many other applications. The session concluded with valedictory function of Dr. Srikanta, Principal delivered the valedictory address and vote of thanks by HOD of Mathematics Dr. Roopa R Anagod. The certificates were distributed to all the participants through online on their registered email-id.

Report On National Webinar

National Webinar on “Collaboration and Self-Reliance during Pandemic – Sharing Experience”

The webinar on “Collaboration and Self-Reliance during Pandemic – Sharing Experience” was organized by the Department of English, Sindhi Degree College on 12/06/2021. Dr. Geetha. R, Professor of English, Bangalore University was the speaker for the event.

About the speaker: The resource person has been teaching English for 26 years for undergraduate, postgraduate and research students and is currently guiding research students on various literary genres. Qualification of Dr. Geetha. R is M.A., M.phil., Ph.D. and CTE. She has presented and published research papers at the National and International levels. Dr. Geetha also has the honour of receiving Karnataka Bhushana Prashasti in 2005.

Inauguration:

The session began with the introductory speech by Dr. Padmavathy K, HOD, Department of English who was also the MC for the event. In the beginning, Dr. Padmavathy. K expressed her gratitude to all the dignitaries and esteemed participants for sharing their valuable time with us for the webinar. She spoke briefly on the grave situation humanity is living under the covid pandemic and how webinars on topics such as “Collaboration and Self-Reliance during Pandemic – Sharing Experience” help people of all ages understand the magic of sharing one’s dark experiences and become more confident and independent.

The event was followed by the welcome address delivered by Ms. Nagarathna K B, Assistant Professor, Department of English.

Guest speakers are on webinars an invaluable resource. The resource person was later introduced by Ms. Vanita Nagabhushan, Assistant Professor Department of English.

The theme of the webinar:

The disruption from the Covid-19 pandemic has been unparalleled in our lifetime. The loss of lives and livelihoods has made a huge dent in the whole world and particularly, on the mental health of people. Due to this, mental and physical health is deteriorating. Focus and highlight was on the fact that sharing one's dark experiences of covid can empower each other in pandemic times.

Description:

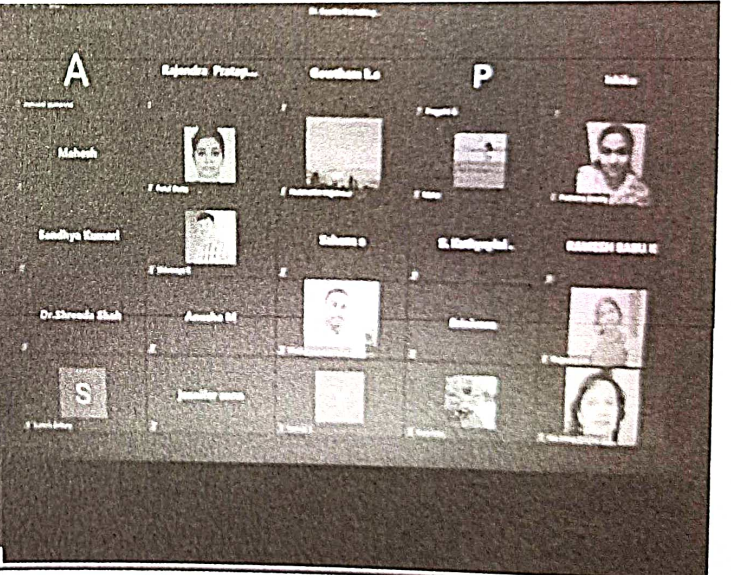

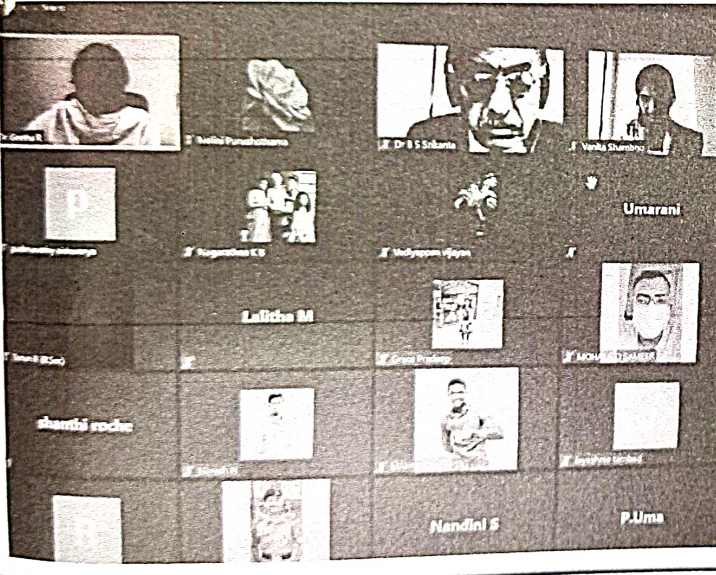

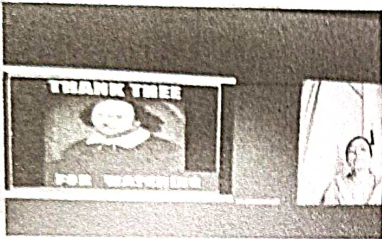

Dr. Geetha provided an insightful speech by using several beautiful anecdotes in her speech to give examples of collaboration and self-reliance. Dr. Geetha suggested we must ponder on our lifestyle choices. She posed few questions to participants and encouraged them to ask these questions to themselves and discuss. Questions like, how do we grow in these testing times from the love we got, what have we learned from mother nature, the mother of all teachers, what the generations will learn from these difficult times, how we can empower each other by sharing our experiences, etc were posed. She provided perspicuous explanations on the impact of a pandemic on the mental health of the people, especially the students. Dr. Geetha. R spoke on the need to modify the syllabus of textbooks to lessen the burden on students.

At the end of the session, from the webinar, the participants had the opportunity to know about the importance of sharing one's experiences and empowering each other in addition to gained knowledge about being self-reliant.

Professor Vaidyesh .M.A delivered the Welcome address and the Master of the ceremony was Professor Shashikala.U, Head of the Department, Department of Management. Guest profile was read by Professor Nandini. S Assistant HOD Department of Management.

The webinar covered various aspects like growth mind-set, digital transformation and what the recruiters look for in aspirants and how the aspirants should prepare themselves to face the digital transformation era.

The resource person handled the session in a very interesting manner by making it interactive and asking the participants about differentiating between growth mind-set and fixed mind-set.

He also initiated discussion relating to the skills needed to face the pandemic situation and digital transformation. Out of his vast experience Mr Kabir handled the session in a very interesting manner

There were 300 participants from across the globe in the online webinar

The participants were from different places like Canada ,America, Malaysia, India,Sudan etc.

The webinar covered major market trends in the digital age that would have a lot of relevance for the aspirants aiming for growth opportunities.

It threw light on the ways of adjusting and growing both personally and professionally in the pandemic era , which was a much needed preparation. Since digital transformation is the order of the day due to the pandemic and the way it had accelerated impacting every aspect of our life made this webinar very relevant.

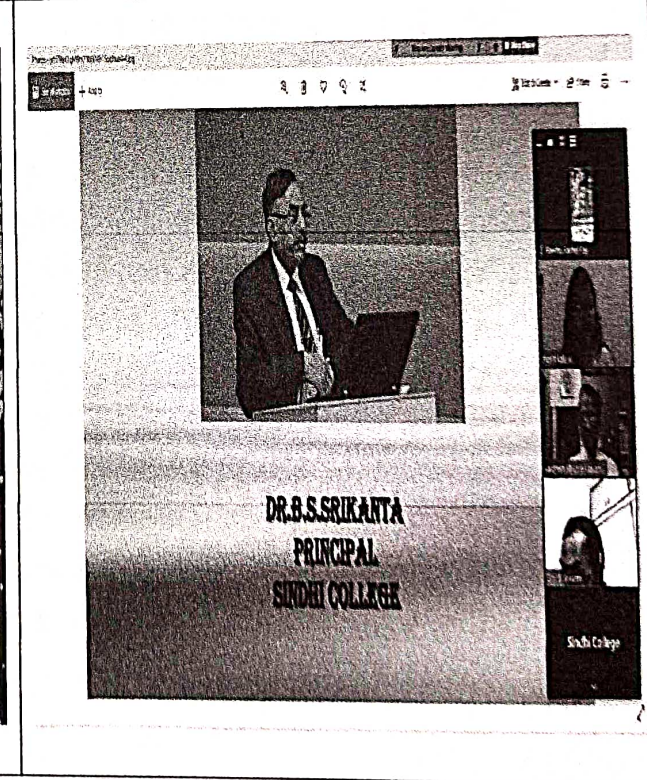

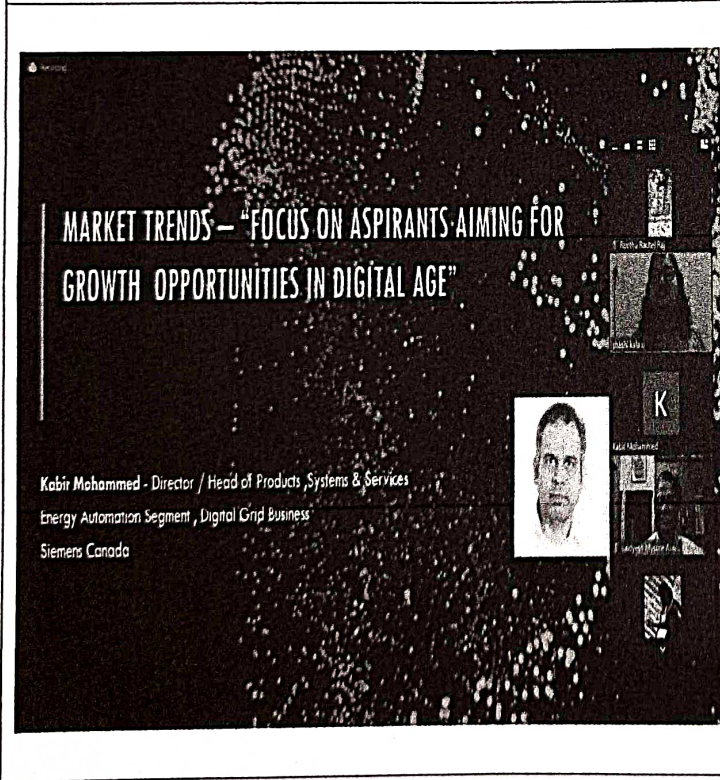

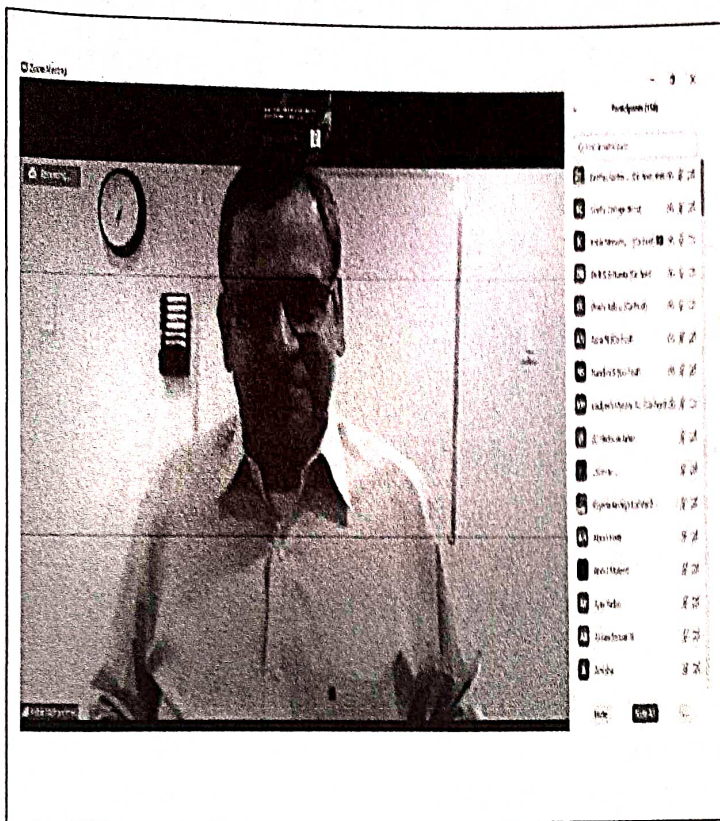

Digital transformation had become a necessity amidst the pandemic and those aspirants and organisations that were prepared for it by understanding the market environment and trends had performed exceedingly well in the period of uncertainty as per the resource person. The webinar pondered upon these aspects and market trends with a special focus on aspirants aiming for growth opportunities in digital age.

OBJECTIVES OF THE WEBINAR

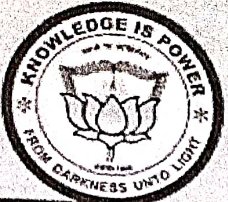

- To equip the aspirants with the necessary life skills that can enhance holistic development through fostering social & interpersonal skills, self-confidence, critical thinking which would enable them cope with the demands of everyday life amidst the pandemic.
- To acknowledge and embrace imperfections and view challenges as opportunities through developing a Growth Mind-set and exploring the available options with broader perspective.

ON

HUMAN RIGHTS-EVOLUTION, IMPORTANCE AND RELEVANCE

HELD ON 21MAY 2021

On 21st May 2021, Human Rights cell of the institution organized a National Webinar on the topic "Human Rights- Evolution, Importance and Relevance. Prof. Jaishree. N, of Nagarjuna college of Degree and Management was the resource person.

The webinar was initiated by Prof. Grace, Asst. HOD, of Commerce dept. and the Co-ordinator of the cell by throwing light on the objectives of the cell, which was followed by the welcome address delivered by Dr. Uma Maheswari, faculty of PG department. Dr. Padmavathy, HOD of English department introduced the resource person to the participants.

The speaker began by introducing the topic through various definitions and objectives, sources and types of Human Rights. Madam further elaborated on the evolution of Human Rights and also dealt in detail about the formation of United Nations Human Rights Commission which was basically to draft the declaration.

Further Madam spoke about the main sources of Human Rights in India such as UN Charter, Universal Declaration of Human Rights 1948, etc. The speaker also referred to Rene Cassin, who is considered as the father of Universal declaration of Human Rights and who was awarded Nobel Peace Prize for the document.

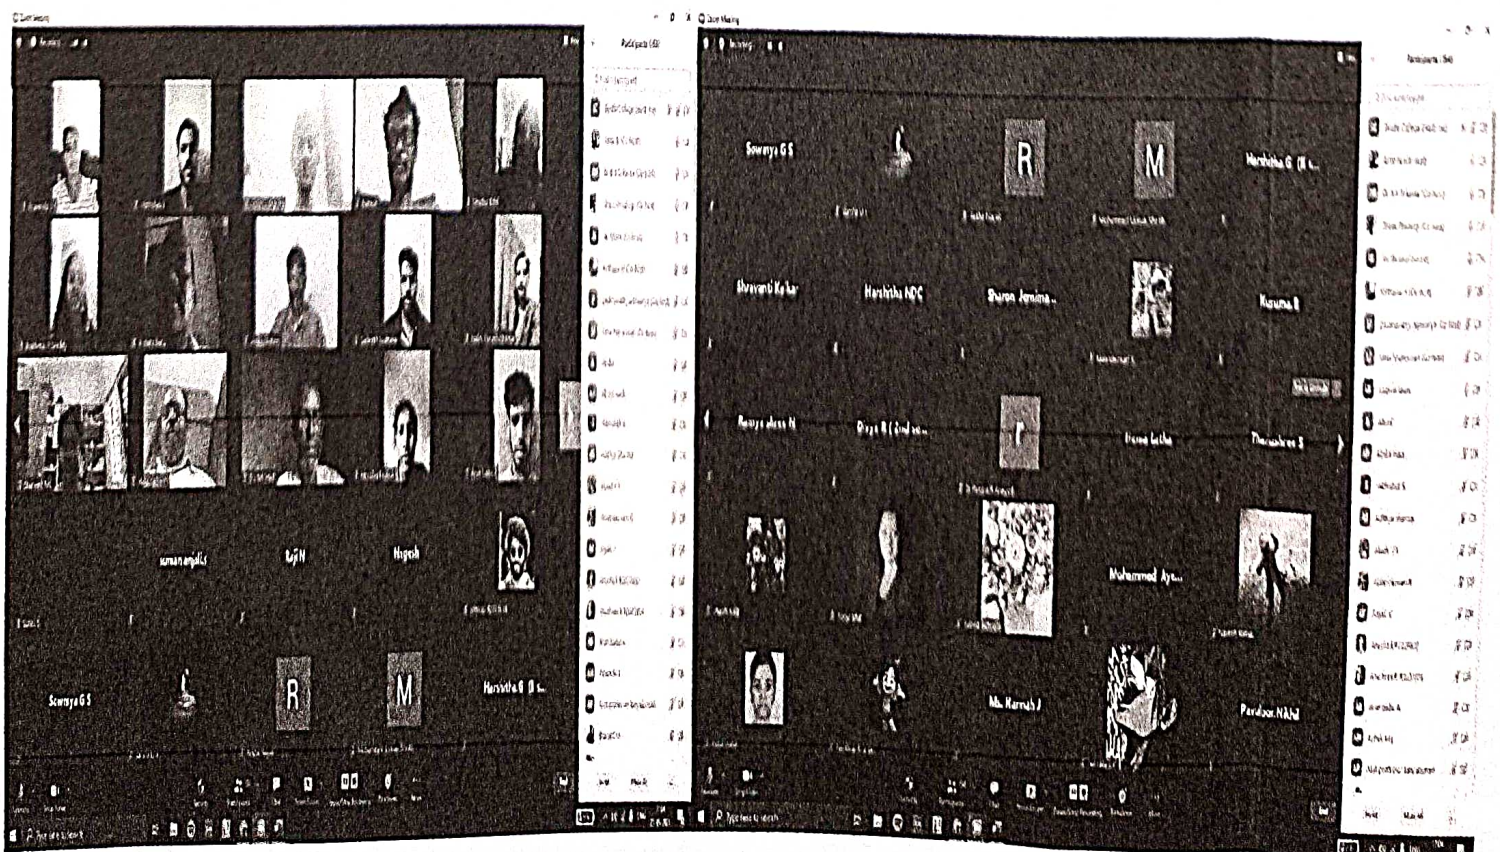

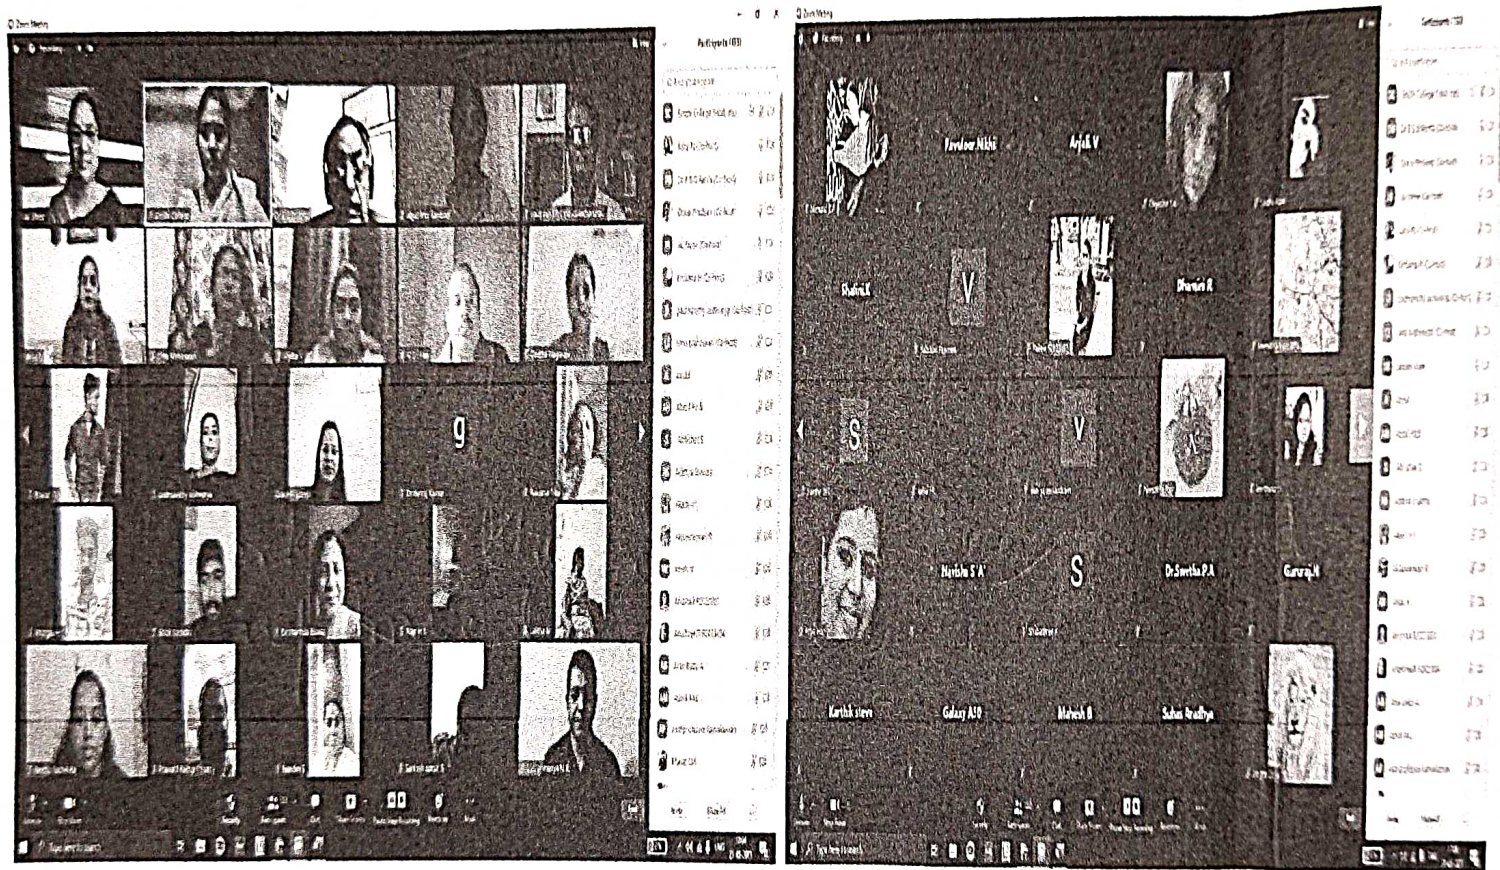

The speaker further threw light on the importance of Human Rights and the thirty articles that come under Human Rights. The deliberation became more interesting when the speaker began her discussion on the cases pertaining to Human Rights.

Then the session was opened for discussion. The participants came up with queries which were diligently answered by the speaker.

Dr. B.S. Srikanta, Principal of the college further enlightened the participants on the evolution and the significance of Human Rights in India. His talk further stirred the participants thought process on the topic of the webinar.

The session concluded with the formal Vote of thanks proposed by Prof. Asha N, Vice Principal of the college. The technical session was meticulously supported by Prof. Radhika, HOD of Computer science dept. of the college. Two hundred and eighty four participants across the country were present for the webinar.

On 19th January, 2021, an orientation workshop was organised by Centre for PG Studies, Sindhi College in association with SkillingIndia for I year students of M. Com and M. Com (FA) on interpersonal communication skills and how to become a people expert.

In the first session Mr. Vinod David spoke about the importance of interpersonal communication in the workplace with regard to employee satisfaction, motivation, collaboration and business success. Interpersonal communication includes face-to-face exchange of information, in a form of voice, facial expressions, body language and gestures. The speaker explained that on a scale from 1 to 5, managers rate the importance of having good interpersonal skills at 4.37. Even though most workplace business is now conducted through online communication channels, it is still necessary to possess verbal skills in order to work effectively with colleagues and bosses. The speaker also mentioned that when there is a lack of interpersonal communication in the workplace, people feel disconnected and left out, they don't feel like they can freely share their voice and express their needs, wants and concerns.

Second part of the session was handled by Mr. Avishek Chatterjee. He spoke about Talent acquisition and Talent management. Explained the various stages of recruitment process. The speaker said that talent acquisition is quickly evolving into a unique and important job function. The speaker briefly explained the skills required to become an effective recruiter and talent acquisition expert.

Feedback: The participants felt that the workshop was very informative and they got an idea as to how to improve their communication skills and how to become a People Expert.

Making Room for FAILURE

- What do you generally do when you make mistakes?
- There is hope for improvement! When you make mistakes, don't criticize yourself, panic or gloss over failure.
- Treat it as a learning experience, and remind yourself that there is hope for improvement in the future. Celebrate your mistakes!
- If you're making Mistakes and Failing, you're on your way to success, as long as you do something about them, see how you can improve.

The session commenced with a welcome speech and introduction of speaker.

The whole session was divided into two parts. The first part of the session was about self-confidence which was led by Ms. Sharanya Prakash and second part of the session was about positive mind-set which was led by Ms. Shreya Shah.

The entire session contained various activities which made the session interactive. The main motto of the session was self-esteem and positive thinking which leads to positive action including goal setting, problem solving, dealing assertively with others, taking risk for success and building a balanced lifestyle. The session was totally interactive, all the participants were so enthusiastic to learn the new things. Even both speakers were so energetic and shared all their thoughts and experience.

Last part of the session was set to ask the questions and followed by vote of thanks. By all support and helping hands of various members, this virtual workshop was successful.
