### EDP Series 1, Episode-02 workshop on “Ideas to Business”

Class : I M.Com and I M.Com(FA)  
II M.Com and II M.Com (FA)

No. of Students : 47 students

Sindhi College, Centre for PG Studies had organized an Entrepreneur Development Programme (EDP) Series-1, Episode-2 workshop on “Ideas to Business” for the students of I year M.Com, M.Com(FA) and II year M.Com and M.com (FA) in Seminar hall, on 12<sup>th</sup> July, 2022 at 1.30 pm. The Speaker for the lecture was Ms. Divya Venkatesh and Ms. Shwetha Ravindranath, Directors of ISIRI Farms, Bengaluru.

Isiri is a dream of 5 friends who wanted to provide fresh unadulterated milk to their children. The joy of watching their children drink pure milk encouraged the two mothers Divya Venkatesh and Shwetha Ravindranath to venture into buying their own cows and gradually expanding into other essentials which can be produced naturally.

Isiri first opened its doors only to their families and close friends, however the word spread fast and within a year they started delivering milk to 150 + houses in and around South Bangalore. We strongly believe in word of mouth and references but continuously thrive towards educating and creating awareness about pure and fresh milk. Today, Isiri is successfully able to penetrate into 500 + households and are catering to their daily essentials. We are working towards a sustainable module for the milk and dairy products as well. What's special about Isiri is that they believe in offering only those products which they are ready to use for their family.

Isiri A2 Milk is produced by Desi Cows which are loved, cared and nurtured. Our cows are given fresh fodder, clean water, dry grass and medicinal plants. Our milk is free from

Preservatives and we do not give our cows any Hormones or Antibiotics and which makes it 100% natural.

Isiri delivers fresh milk every day in a glass bottle which is reusable and recyclable. The bottles which are delivered to customers are collected back and go through a thorough sterilization process.
