VALUE-ADDED PROGRAMME REPORT FOR ADVANCE EXCEL

In order to provide a value-added curriculum for first-semester M.com and M.com [FA] students, the Centre for PG Studies at Sindhi College partnered with Edify Institute. Expertly planned and coordinated the 40-hour certification programme for Data Management and Analysis Using Advance Excel. The course was conducted between 26/6/2023 to 25/7/23 & 40 Hours. Our seasoned instructors Mr. Vignesh, Mr.Rakshith and Ms. Shreyas, who have extensive expertise as experienced specialists in training Excel, will be delivering this course. Case studies, group projects, theory, and practical exercises are all used to teach the course.

Educated students Statistical, financial, and logical database functions, conditional formatting, pivot tables, and advanced table formatting. Advance Excel's sharing feature fosters teamwork, enhances data accuracy, encrypts confidential documents and information, saves time by enabling everyone to view the same data, and can boost overall productivity.

The resource person also covered employment prospects because the software is a great option for companies of any size or industry trying to enhance their data analysis capabilities, which is very advantageous for students' employment prospects. Students who successfully complete this course are given certificates.

VALUE-ADDED PROGRAMME REPORT FOR POWER BI

Sindhi College collaborated with NICT Computer Education to offer a value-added program for third-semester M.com and M.com [FA] students. Mr. Rakshith, Ms. Shreyas, and Ms. Priyanka were the trainers for the Power BI Value Added program. It is a 40-hour course and was conducted between 19/12/23 to 29/3/23. 31 students have benefitted from the course. Students learned Data Modeling and Dax Syntax, as well as visualizing data, editing report interactions, adding and linking bookmarks, and tooltips, and creating a Pivot Table from a Power BI Dataset. The software has a plethora of features that make it an excellent choice for both data analysts and business executives. Among these features are data modeling, visualization, dashboards, data transformation, and data manipulation. The resource person also discussed job opportunities, as the software's flexibility and scalability make it an ideal choice for businesses of any size or industry looking to improve their data analysis capabilities, which is extremely beneficial for students' job opportunities.

Students can invite others to collaborate with them, allowing multiple users to work on a project at the same time. Users can also collaborate and solve problems in real-time by participating in live sessions. Administrators can also manage permissions and access controls, which can be customized based on the user's role within the organization. The sharing function in Power BI promotes teamwork, improves data accuracy, saves time by allowing everyone to see the same data, and can increase overall productivity. To begin with, a value-added program on Power BI is beneficial to students' careers.
