FDP plays a crucial role in enhancing the capabilities of academic staff. These programs aim to equip faculty members with the necessary skills, knowledge and resource to engage in innovative teaching and contribute to their respective fields.

Sindhi College understands the importance of the same and has organised 8 days virtual FDP on topic very much relevant to the present trends, research titled "Quantitative data analysis using SPSS with interpretation and writing research article with AI from 14th to 21st June 2024. The program was organised in association with Primax.

DAY 1

Dr Aarthi from Christ University, Bengaluru was invited as the guest for the first day to talk on the basics of research. Dr Aarthi is a very knowledgeable in the area of research. Mam spoke on types of Variables, types of data and methods of data collection, different measurement scales used, identification of problem, hypothesis setting, population, sampling and types, statistical tools the measure the data .

DAY 2

Dr.Janani Ravinagarajan, VIT University, Chennai was invited as the guest for day 2 to talk on SPSS. The session was very useful as it was not practical session. All participants were asked to install SPSS software which was provided by the organisers. Dr.Janani shared the data and for the same SPSS was used to analyse the data. The session also focused on testing reliability of data and validation of data collected. Day 2 was more of hand on where all participants were using the software and learning.

Day 3

Dr.Arthi from Kristu Jayanthi College chaired the session as resource person on 3rd day. Mam is a eminent personality in teaching and research field. Her area of interest was on framing Hypothesis and testing the same.

The session gave an insight on framing hypothesis as this is the most important area based on which the research work is conducted. Dr Arthi discussed on the use of On sample t-testing, independent sampling t-test, Paired t-test, Chi-square and content analysis and reliability test. This information helped the participants to understand when to use different statistical tools.

Day 4

Dr.Somsundaram from Kristu Jayanthi College, Bengaluru. 4th day focused on one way and two way Anova, Cluster analysis. These three are amongst important statistical tools used, that allows researchers to find and explore underlying themes in order to explain similarities or dissimilarities between investigated datasets.

Day 5

Dr.Sathish from Christ University Bengaluru chaired as the resource person for 5th day. Topic for the day was on correlation and regression. This is also a statistical tool used in analysis the data. The session used data, which was a practical session. All participants participated by using the data and learning about the statistical tool.

Day 6

Dr.Arthi from Kristu Jayanti College, Bengaluru chaired 6th day as resource person on the topic Mediation and Moderation based regression analysis. This is a tool used in clinical research to study how it operates and when it exists. The speaker briefed the uses of the tool, on the data that can be used on these tools.

Day 7

Dr.Sathish P , Christ University, Bengaluru was the resource person on the topic Research article and selection of journals. The speaker gave an indepth knowledge on how to write an article. Publishing the article is also a vital task. Selection of journals is something which can add weightage to the article. The session elaborated on identifying the journals which are indexed on scopus, web of science and ADBC.

Day 8

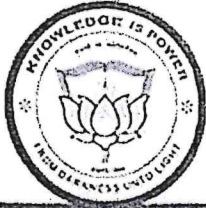

Dr.Sowmiya Rani, Editor ,Editage Founder, Sowmis- AWW Coimbatore was the speaker for the last day of FDP on the topic - AI based tools for Research Writing. As AI usage is booming in all sectors, the same is used in writing research article. The session focused on AI and research writing, validating data, questions, searching literature review, image creation which can be used in the articles, simplifying data analysis using AI.

Overall 8 days sessions were collectively a very useful program for all research scholars and to all faculties in writing a good article. There was good participation with 138 participants from different Institution.

Orientation Workshop for 6thsem B.com Syllabi (2023-24) framed as per NEP 2020

Department of Commerce at Sindhi College, together with Bengaluru City University and the Bengaluru City University Teachers Council of Commerce and Management, hosted an orientation workshop on the 6th-semester BCom syllabus in line with the National Education Policy (NEP) 2020 on April 2, 2024.

The event kicked off with a lovely performance of an invocation song by B Com students, followed by an opening speech from Dr. Asha N, the Principal of Sindhi College. Dr. Asha highlighted the vital role teachers play in shaping the future beyond traditional classroom boundaries. She stressed the importance of adapting teaching methods to current trends.

Sri. NavinNichani, the Honorary Secretary of Sindhi College, emphasized how teachers can steer the future paths of their students.

Dr. Anandkumar C S, Registrar of BCU, recognized students' exposure to information and technology like ICT and generative AI. He emphasized the need to effectively nurture and guide students using these resources.

Dr. K R Jalaja, Dean of Commerce and Management at BCU, talked about the significance of developing and promoting ideas, whether related to products or services. She also discussed the newly introduced internship program in the curriculum.

Prof. JayshreeTambad, Head of Department for Undergraduate Commerce, conveyed the vote of thanks of the inaugural session. The program saw the participation of faculty members from 30 colleges. The technical sessions on specific subjects were successfully conducted, bringing the program to a successful close.
