DATE: 14TH MARCH 2018

We visited The Stock Exchange Institute which is located in Brigade Towers, Richmond Road on 14th March 2018. The number of students present were approximately 75 accompanied by Ms. Prathima and Ms. Bhavya, the two faculty members. We left our college at 9 am and we reached the location at 10 am.

The visit consisted of two sessions. The first session was a theoretical session and the second was a practical session. The theoretical session was handled by Mr. Kishore BS, a finance professional. Mr. Kishore started off by educating about the major stock exchanges present in India and the bodies that supervise them. He removed wrong perceptions in investing in the stock market, mutual funds and insurance and helped in planning strategy for investment by giving practical examples . Furthermore, he eliminated all doubts that we had about the stock market.

Our second session, was taken by Mr Prakash Choudhary, an amazing speaker. This session was a practical session, where we played mock stock. A game where we learnt how shares are actually dealt with in the market and how the buyers and sellers affect the fluctuation of the share price of a company. This assisted in recognizing how shares are exchanged.

It was an incredible experience where we had fun and also gained knowledge. This visit threw light on the simplicity of the stock market and aided us to comprehend the same.
